OCCUPATIONAL INFORMATION AND LABOR MARKET INFORMATION

O*Net Online – detailed descriptions of the world of work for use by job seekers, workforce development and HR professionals, students, researchers, and more!

<http://www.onetonline.org>

Occupational Outlook Handbook (Bureau of Labor Statistics) – career resource offering information on the hundreds of occupations that provide the overwhelming majority of jobs in the United States. Each occupational profile describes the duties required by the occupation, the work environment of that occupation, the typical education and training needed to enter the occupation, the median pay for workers in the occupation, and the job outlook into the next ten years for that occupation. Each profile is in a standard format that makes it easier to compare occupations.
